

PROJECT SUMMARY

Ref No.: MRIC/SISM-TTE-06	Title: Immersive Discovery: 3D Virtual Visit of a National Heritage Site
Local Company: Hinode Smart Solutions Ltd	
Project Leader	
Mr Thamalassen Sungaralingum	Hinode Smart Solutions Ltd
TECHNICAL ABSTRACT	
The proposed project aims to create a bespoke interactive and immersive 3D virtual tour of Apravasi Ghat, a significant National Heritage Site. The virtual tour will be accessible through a dedicated app for the Metaverse, as well as Android and Apple apps for viewing on mobile devices and iPads. The virtual tour will provide a detailed exploration of Apravasi Ghat, offering visitors an engaging and informative experience. The tour will include a wealth of integrated information, such as the history of Apravasi Ghat and a detailed explanation of its significance. Visitors will be able to delve into the rich history of Apravasi Ghat, learn about its cultural importance, and understand its significance in the context of indentured laborers.	
Key Words: 3D, Virtual, tourism, Augmented Reality
